

MAASTRICHT NEUROECONOMICS TALKS 2018

13TH APRIL

CALL FOR POSTERS

Information

Neuroeconomics is a young and interdisciplinary field that combines insights from Economics, Psychology and Neuroscience.

Maastricht Neuroeconomics Talks aims to bring together leading scholars to discuss the state of the art and the future perspectives of this highly dynamic field.

We also encourage the participation of scholars and young researchers who are interested to learn about Neuroeconomics.

For more information, please visit our website: www.neuroeconomics.nl/neuroeconomics-talks-2018/

Poster Submission

Please submit an abstract of your work via the online form available at the website by 16th FEBRUARY, 2018.

Notifications of acceptance will be sent by 2nd MARCH, 2018.
